## **NOAA President's Letter by Linda Hart:**

### **GRATITUDE**

One of the amazing things about art is its power to help us see. As Kathy Stone showed us during the October meeting's presentation, we grow as artists by observing the variety of light, shadow, shape, and color. With the cool weather approaching, let's get out there and look around. I'm excited about what Nurhan Gokturk will add to this theme during November's demonstration.

Despite the restrictions of the pandemic and the challenges of rebuilding after Ida, I'm thankful for the enthusiasm of our members, resulting in:

- A great first year participating in Gulf Coast Bank's Auctions in August, promoted by Donna Richard
- Northshore Art in Bloom in April 2022, chaired by Patt LeMarie
- Workshops coordinated by Darlene Johnson and taught by Marcia Holmes, Larry Frates, and Glinda Schafer
- Beautiful work to see in our monthly Artist of the Month, ably coordinated by Pat Caraccioli and Marina Reed.

We've been busy, and there's more to come!
